

EZ-Order Purchasing System

Finally a solution for your small business that won't break the bank!

With over 30 years of experience developing barcode and tracking systems, our founder has designed a solution for the rest of the small business world! The "Henry Ford" of business automation announces ActionTrak EZ Order; an innovative approach that solves your inventory replenishment problems. We've been listening to our customers and have created a product for these challenging times.

- Simplify your inventory counting and ordering process
- Print your own barcodes
- Prints Description, Barcode, and Price on label
- Use labels from your local office supply store
- Print barcodes on-demand using optional barcode printer
- Apply barcodes to shelf or product
- Use portable scanner to:
 - Scan barcodes and enter quantity needed or on-hand
 - Count inventory
 - Many more uses
- Creates Purchase Order from Items scanned
- Maintain Inventory Item list
- Maintain Vendor list
- Assign default vendor to Item so you can easily filter items by vendor for ordering
- Data is easily accessible using common spreadsheet software
- Print, FAX, or Email your Purchase Order to your Vendor
- Electronically send PO in "real-time" to any Vendor who is using ActionTrak EZ Server
- **Get full credit when you upgrade to ActionTrak Pro or above within one year**
